Imported \$12,500.

We purchased Imp. Calrossie Supreme after he had won first prize in class at the 1945 Perth Show in Scotland. Before being shipped to us for use in the Merryvale Herd, he was mated to several cows in the herd of Walter Biggar & Son, Dalbeattie, Scotland. Five bull calves produced from these matings were sold in the 1947 Perth Sale for the splendid average of \$5460. The calves by him at Merryvale Farms have developed equally as impressive.

A Cordial Invitation

TO JOIN US AT MERRYVALE

on June 5

We are proud at Merryvale Farms to feel that we are a part of an industry that has an objective to improve living standards of all people, through the medium of better livestock.

Purebred Shorthorn cattle was the choice of Merryvale some 30 years ago, and has pursued this line of endeavor ever since. The degree of our contribution is always debatable, but we have tried our best, and for a number of years we have carefully culled out what we thought were undesirable females and replaced them with animals we thought were superior. We have followed this by always trying to purchase bulls of outstanding qualities, having in mind that we must not only improve our animals, but to also preserve the advantages of Shorthorn cattle. We have insisted on smoothness with fleshing qualities, good heads of character, pedigrees that show quality sires and dams, all of this without sacrificing too much in size, bone structure to carry weight per age, and realizing that beef is sold by the pound.

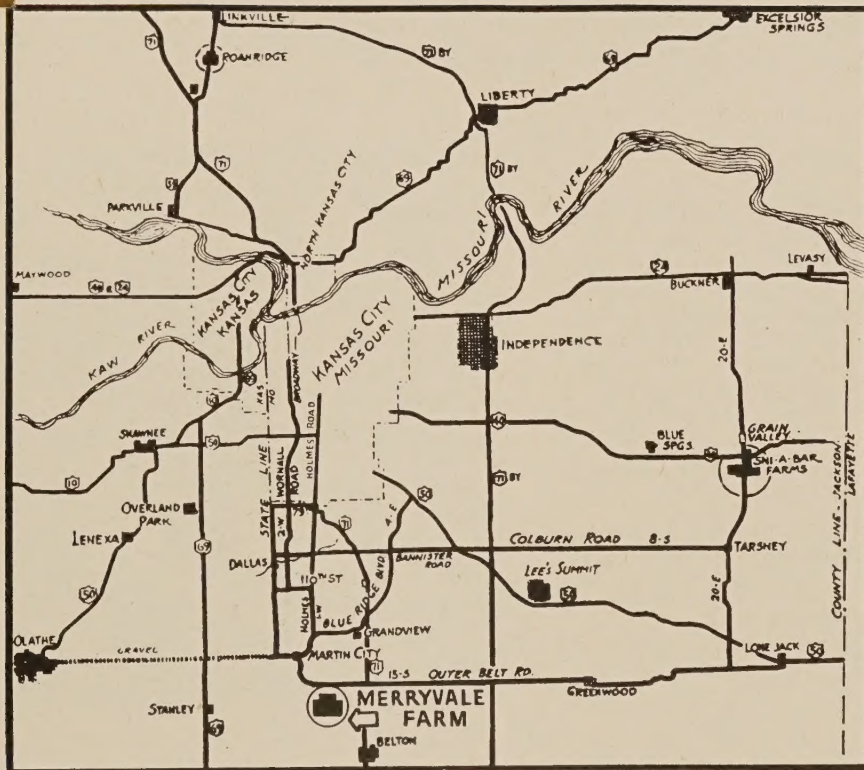

Our aim has been to have enough outstanding brood cows and right type bulls to produce bulls and females to sell to other herds that would produce better livestock for them.

On June 5, 1948, we will offer to you and other cattlemen, cattle that we think are the best Shorthorn cattle that have been offered by this farm, and as an added attraction, we have invited other Shorthorn breeders in this area to join us in this sale. We have been fortunate in securing some exceptional cattle from Senator James P. Kem, D. W. Bishop, Will-O-Pat Farms, W. A. Cochel of Roanridge and Harold Vagtborg.

We cordially invite you and your friends to join us on June 5 at the farm to inspect this offering, to attend the Miles of View dispersion of Mr. Giblin to be held immediately after our sale, and to visit with us and your other friends.

Sincerely,

L. RUSSELL KELCE

From the Merryvale Manager

We at Merryvale Farm are proud of this sale offering and feel that they are the best bunch of cattle ever to be sold here.

The bulls are a choice lot. There are nine head sired by Calrossie Supreme, chief stock bull here at the farm, whose grand head, wide deep quarters and smooth natural fleshing, have been transmitted to his offspring. There are four grandsons of Calrossie Prince Peter. These calves have that wonderful Shorthorn character, smoothness of flesh and balance that are characteristic of the Prince Peters. We are also selling a son of Marellbar Captivator out of a Lavender heifer. This calf is excellent herd sire material.

We are selling females that we should keep in the herd but we also want to sell the kind that will be profitable to the buyer.

Cows with calves at foot have already proved that they will pay satisfactory returns. The heifers are an honest sample of the breeding represented. All individuals are of top quality and in splendid condition.

WILLIAM MILNE, Jr., Mgr.
Merryvale Farms

GUARANTEE

All cattle in this sale will be sold under the standard guarantee endorsed by the American Shorthorn Breeders' Association. Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after the close of the sale without trouble to the purchasers, but at their risk of loss or injury.

HEALTH

As resident veterinarian for Merryvale Farm, I have been asked to make a statement in regard to the pregnancy of the bred females that will be in the sale.

I have always felt a great need for accurate pregnancy diagnosis as a major factor in improving the efficiency of any breeding herd of cattle. This is especially true where valuable cattle are concerned, and it is vitally important when bred females are offered for auction. Often much time is lost and much money is spent with the presumably pregnant female that has to be returned to the original owner for re-breeding.

Pregnancy diagnosis is difficult at best and certainly is not one hundred percent accurate, especially when females that have a recent breeding date are concerned. However, it is an aid in being able to assure you, as buyers, that certain females are safely with calf.

We at Merryvale Farm are proud of the cattle that are being offered

All animals have been tested for Bang's Disease and T.B. Hence all cattle can be shipped immediately and are guaranteed to comply with the health regulations of any state into which they may go.

ATTENTION—Neither the Owner or the Sale Manager assumes any responsibility for accidents incurred sale day but will take every precaution for the safety of our guests.

for sale. In the case of the bred females, we have not been satisfied with just the absence of heat after breeding. In every case, where ample time has elapsed after breeding, pregnancy has been confirmed by a combination of the various accepted methods now used by veterinarians in diagnosing pregnancy.

At the time this catalogue goes to press we are positive that a great number of the females are safely with calf. Other younger heifers are being bred, which will be reported on sale day.

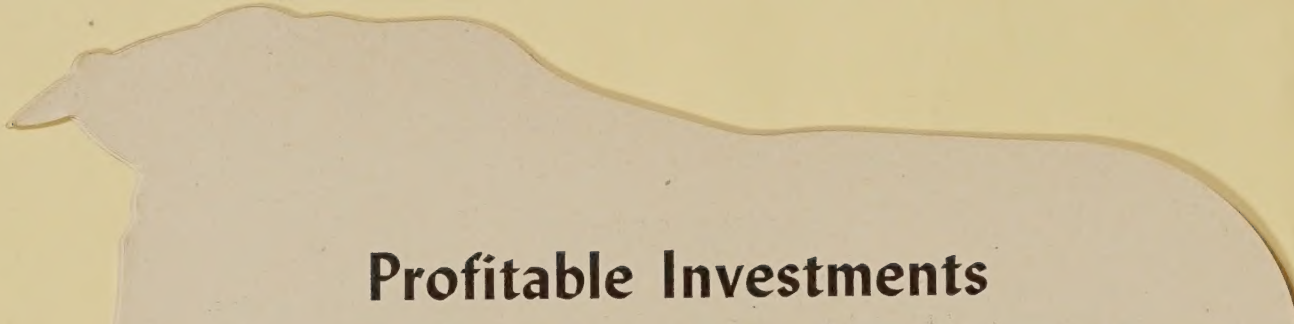

When you come to Merryvale Farm to look over the offering of bred females, you are assured that the information given you in regard to these animals will be sincere and to the best of my ability.

(Signed)

ALLEN C. McCONE, D. V. M.

TERMS

The terms of the sale are cash.

Profitable Investments

If you are wondering where to find your next herd bull, brood matrons, or replacement heifers, the place to be is at Merryvale Farms on June 5. I can frankly say that this entire offering is unusual in that it contains such a high percentage of really top-notch Shorthorns; included both in the Merryvale offering and in the invitational consignments being made by their neighbor breeders. I would like to point out that you have the big advantage of buying cattle old enough and of such proven blood lines that you can invest with reasonable certainty that the bulls and heifers which will look so good to you on sale day will in no wise disappoint, but ever continue to be profitable investments in your possession.

M F Supreme 5th—Considered by men who know real cattle to be one of the best young bulls in the country today. Reserve champion at the 1947 American Royal and strong contender for top honors wherever shown. Very good from end to end and carries his width uniformly. He has a good strong masculine head with wide muzzle. He has the deepest, thickest quarter that I have ever seen on a bull this age. The conformation and breeding of this calf are unexcelled.

Gregg Farms Jasper—Bred by D. M. Gregg, Harrisonville, Missouri and sired by his \$4100.00 Edellyn Valiant Mercury. We showed this senior calf last fall, he was Reserve Grand Champion bull at San Francisco and was the second prize senior bull calf at the Chicago International Livestock Show last December. He is a powerful bull from end to end, right in type, he was outstanding as a calf he has continued to improve as he develops into a senior yearling that will be hard to beat next year. His dam, a Missie, is a granddaughter of Baronet. Several females also sell with his mating.

WILL - O - PAT

SELLS THE NEXT TEN LOTS

One Of America's Top Ranking Sires

We paid Marellbar Farms \$5000 for NEWALLYN IAN in 1944 because he was a great calf, deep bodied, almost unbelievably thick, short legged, and good headed. Taken directly out of the breeding herd in early 1945, he was made senior and reserve grand champion bull at the strong Ft. Worth Show . . . positive proof of his excellent individuality.

His sire is Imp. Garguston Golden Victor and his dam is Imp. Calrossie Orange Blossom by the great Calrossie Command. The proof of a sire is his produce and he lives up to his rich heritage in the highest sense of the word, for not only is he good, but he sires the kind that are exactly like him.

Assisting Newallyn Ian, and doing a good job, is WESTMORLAND SUPREME by the \$5,000 Prince Peter.

NEWALLYN IAN

Ian's Senator—Deep, low-set, blocky, strong headed son of Newallyn Ian, out of a red daughter of Millhills Senator. He has the appearance of a real stock bull.

Supreme Ransom—A very good red grandson of Prince Peter. He has an abundance of natural flesh, the kind that will stamp this characteristic on his calves.

Goldfinder Star—This is a good calf and should develop into a valuable breeding bull. He should have the ability to transmit the bone, substance and fleshing qualities for which the Goldfinders are famous. His sire, M F Goldfinder, was a great show bull and the winner of many championships for Merryvale Farm.

Star Supreme—This great young bull was shown this year at Chicago, Kansas City, San Francisco, and Ogden. He resembles his sire, the great MacGillivray-bred Calrossie Supreme in color, natural-fleshing and general conformation. His dam is a low-set, thick, smooth, solid, red cow of true Shorthorn type and character, carrying the best blood-lines of the Kansas State College herd.

Here is a splendid stock bull for any breeder who wants ruggedness, scale, an especially good head, and an outstanding pedigree.

Nonpareil W 3d—This cow can speak for herself. Three animals in the sale—Star Supreme (No. 62 in catalog); College Gypsy (No. 75 in catalog), and Goldfinder Star (No. 61 in catalog)—will speak for her as a great breeding cow. Discriminating breeders are invited to look over her production and then decide whether they care to make a place for this cow in their herd. She is safely with calf to Calrossie Supreme.

M F Violet Mist—This is a daughter of the great Calrossie Prince Peter, grand champion at Perth, who has established his right to be considered a great foundation sire. A daughter of this great progenitor is an addition to any herd.

This cow is now safe with calf to Calrossie Supreme.

sired by him was recently dropped at Roanridge and he has his sire's type and quality. We have 25 of our older females settled to his service, and the fact that he is so closely related to all of the younger females is the reason that he is being offered for sale. He has never been highly fitted, has an ideal disposition and probably the best bull in America today without a show record.

Vagtborg

Roanridge Royal Mercury—A very deep, even red bull, sired by Roanridge Mercury, outstanding breeding son of Edellyn Campeon Mercury. His dam is a heavy milking cow, bred by R. C. Boeger and a granddaughter of the Champion Sheik of Leveldale. This bull has a lot of ruggedness, strong and full over his back and very deep in his quarters.

M F Command 4th—A dark red son of Imp. Beaufort Command. His red dam, Sunset Lovely Belle 5th, is one of the good producers at Merryvale Farm. This bull has been siring top Club calves in the Vagtborg commercial herd at Lenexa, Kansas.
